rajbharath555l@gmail.com | <https://www.linkedin.com/in/bharath-raj-21102001br/>

I recently finished and completed a three-month virtual data analytics internship course. I obtained a 6.6 from PES University for my degrees in electronics and communication engineering. I am constantly improving my abilities in preparation for a career as a data scientist. I appreciate working in groups and am passionate about statistics. In addition, I managed the university placements.

EDUCATION

Bachelor of Technology (B.Tech.) - Electronics and communication

Aug 2019 - Oct 2023 - 6.61 CGPA

PES University, Bengaluru

XII Pre-University College - Science (PCMB) - 91.16%

Jun 2017 - Apr 2019

Newtons Integrated PU College, Chikkaballapur

Secondary school SSLC - 97.28%

Jun 2016 - Apr 2017

Bright Primary and High School, Chikkaballapura

SKILLS

Expert in: Data Analytics, Frontend, Python, MySQL, DBMS

Intermediate in: C, Data structures and algorithms, PowerBi, OOPs

PROJECTS

Prosthetic Arm for Amputees (Final year project)

- An optimised algorithm to sort out the input from the extracted signal.
- Fully functional trans-radial prosthetic arm using EMG Sensor.

Banking Management System

- Created a program for Banking Management system using Python along with other libraries.

Data Analytics Projects

- Analysis on 6-8 industry level datasets to provide insights and results.
- Used several tools for analysis such as Excel, MySQL, PowerBi, Python
- Provided a clean report and PPT on the analysis and also demonstration videos on few reports.

Musical app development

- Music Player App developed using HTML, CSS, Js in Cordova as part of college special program (Pesu IO).
