I recently graduated and have three months of virtual data analytics internship experience. I received a 6.6 on my main electronics and communication engineering exam from PES University. I enjoy working in teams and have a passion for data. In addition, I oversaw the university placements.

EDUCATION

Bachelor of Technology (B.Tech.) - Electronics and communication Aug 2019 - Oct 2023
PES University, Bengaluru

EXPERIENCE

Data analyst Trainee   Aug 2023 - Oct 2023
Trainity, Bengaluru
- finished a number of skill-based projects.
- acquired new abilities and equipment while traveling.
- obtained the certificate for virtual internship.

SKILLS

Expert in. MS excel, Python, MySQL , DBMS,
Intermediate in: C,JAVA , HTML,CSS, Data structures and algorithms, PowerBi, Tableau, OOPs,

PROJECTS

Prosthetic Arm for Amputees (Final year project)
- An optimised algorithm to sort out the input from the extracted signal.
- Fully functional trans-radial prosthetic arm using EMG Sensor.

Banking Management System
- Created a program for Banking Management system using Python along
- with other libraries.

Automatic Surface sanitization
- Prototyped a working robotic arm for automatic sanitization of the
- structures once unoccupied by people.
- The project got us runners up during a competition hosted by IIT
- Bombay

Musical app development
- Music Player App developed using HTML, CSS, Js in Cordova as part of
- college special program (Pesu IO).
